Dr Antony Liddell

BAppSci | MBBS | FRACS(Orth) | FAOrthA
Knee, Shoulder & Lower Limb Orthopaedic Surgeon

Dr Antony Liddell has had a long interest in sports medicine, having started his academic career with a degree in Exercise Physiology and Biomechanics at the University of Canberra. During this time he was awarded a prestigious Track and Field scholarship in the USA, which saw him studying and competing in the Southland Conference. On his return he was accepted into medical studies at the University of Queensland, where he received dual University Blues for national representation in Cross Country.

In 2012 Antony received Fellowship of the Royal Australasian College of Surgeons and the Australian Orthopaedic Association, and undertook a locum position in Geraldton prior to taking up a fellowship in Orthopaedic Sports Medicine and Arthroscopy at the renowned McGill University in Montreal. The latter position saw him working closely with elite athletes from the National Hockey and Canadian Football Leagues, and Major League Soccer. During this time he researched and published on ACL reconstruction, and travelled widely for visitations to major clinics in North America.

In 2014 Antony joined The Perth Orthopaedic and Sports Medicine Centre, and holds a concurrent Consultant position at Sir Charles Gairdner and Osborne Park Hospitals. He has a keen subspecialty interest in knee ligament reconstruction, joint preservation surgery including osteotomy, and kinematic total knee replacement. He maintains an active interest in road cycling, competing in events both locally and overseas.

SURGICAL SPECIALTIES:

- **Patient Specific Knee Replacement & Hip Replacement**
- **Sports Injury Management, Bone & Soft Tissue**
- **Arthroscopic Surgery of the Shoulder & Knee**
- **Joint Preservation Surgery including Osteotomy**
